INTERNATIONAL FACULTY

ANDREW JAMES MICHAEL BOULTON
MD, FRCP

*Banting memorial lecturer, diabetes UK,
Former president, EASD and EFSD. Author of more
than 500 papers and 8 books on diabetes.*

SUNDER MUDALIAR
MD

*He is a clinical professor of medicine at the
university of california in San Diego.
He has published more than 180 original
articles in peer-reviewed journals and has
written 40 book related to diabetes.*

MICHAEL CUMMINGS
MD

*Consultant Physician professor of diabetes
and endocrinology at Portsmouth NHS trust,
United Kingdom.
Head of DOVE (Dysglycaemia, Oxidative
stress, and the vascular endothelium).*

EDUARD MONTANYA
MD, Ph.D

*Head of Diabetic Section in Hospital
Universitari de Bellvitge Spain.
More than 150 reserach items. Head of
diabetic and metabolism research group.*

Ian Blumer
MD

*Started his medical studies in 1974 with Vanier
College, Montreal. Since then he is been studying
and teaching at several practical and professional
platforms. He is been nominated nad awarded for
his research and writing on Internal medicines.
His action and presentations are beyond numbers,
they fall onto people to rise them.*

1.

CHALLENGES IN 2017:

- I) The ideal drug for postprandial hyperglycemia
- II) Is Hypoglycemia a CV risk factor
- III) Is EMPA REG a game changer?
- IV) Non Glycemic benefits of (a) GLP1 (b) SGLT2
- V) UACR - A powerful predictor for ESRD
- VI) Pancreatic Neoplasm and GLP-1
- VII) GLP-1RA - The first injectable therapy

2.

LEARNINGS FROM GLOBAL EXPERTS:

- Challenging cases of Diabetic Foot Ulceration – **Dr. Andrew Boulton**
- Diabetes Prevention: From DPP To DPPOS To ACTOS Now - What have we learned? – **Dr. Sunder Mudaliar**
- Once weekly GLP-1 - The new conversation in injectable therapy in T2DM – **Dr. Mike Cummings**
- UDF oration - International perspectives on management of Diabetic foot - The Good; The Bad; The Ugly – **Dr. Andrew Boulton**
- Implications of LEADER Trial - Getting to the heart of the matter – **Dr. Eduard Montanya**
- Optimizing the initiation experience and outcomes of U300 insulin – **Dr. Ian Blumer**
- The Enigma of the EMPA REG Study - Are fuel energetics the answer? - **Dr. Sunder Mudaliar**

3.

ZONAL QUIZ

Team of KOL / Pharma Medical advisors from each zones to slug it out at this mastermind quiz

4.

DIABETO NEPHRO WORKSHOP

A place where diabetologists and nephrologists mind come together to moot over diabetes and its dreaded complications. The experts shall debate, agree and disagree and finally arrive at a one unit answer to the questions on metformin in CKD, measurement of serum creatinine, peritoneal dialysis etc.

DISTINCTION IN
DIABETES AWARD

The passionate should always be pushed to achieve what they desire. In the same direction, it is our effort to encourage postgraduate students and hone their skills. With clear proposition on the plate, UDF has initiated the push program called "Award of Distinction in Diabetology Examination" at its annual conference CID 2017. The postgraduate students will also enjoy the 100% waiver on the registration charges of CID 2017.

The concerned exam will be conducted on 15th April followed by Viva on 16th April 2017. This exam is open to all the postgraduate students of diploma in diabetology & students of internal medicines. Registration form is available online at www.challengesindiadiabetes.com

Date: Theory - 15th April 2017

Viva - 16th April 2017

Eligibility Criteria: Postgraduate diploma in diabetology / Postgraduate in internal medicines

Venue: Renaissance Mumbai Convention Centre, Powai

1st Cash Prize: 20,000

2nd Cash Prize: 15,000

3rd Cash Prize: 10,000

Dr. Snehal Tanna (Contact: 9821375727, docsnehal@yahoo.com) & Dr Amit Saraf are the co-ordinators from UDF for the event. Each student will be given a handbook/textbook of diabetes as per availability.

IN-HOSPITAL MANAGEMENT

GOOD CLINICAL PRACTICE (GCP)

GCP is an international quality standard that is provided by ICH, an international body that defines a set of standards, which governments can then transpose into regulations for clinical trials involving human subjects.

GCP guidelines include protection of human rights for the subjects and volunteers in a clinical trial. It also provides assurance of the safety and efficacy of newly developed compounds.

So for clinicians who are interested in conducting research, get your GCP certificate today. (Pre register at Novo Nordisk booth on 15/04/2017)

CARDIOPULMONARY RESUSCITATION(CPR)

CPR is an emergency procedure that combines chest compression often with artificial ventilation in an effort to manually preserve intact brain function until further measures are taken to restore spontaneous blood circulation and breathing in a person who is in cardiac arrest.

Attend the CPR Course conducted by Life Supporter – Institute of Health Sciences.

PRODUCT THEATRE

The selection of that particular drug from the shelf is very important, here it comes with a need for in-depth knowledge on newer drugs, technology and recent trials where the pharma world ensures closer interaction among delegates and experts.

UNVEILING SECRETS THROUGH WORDS

Dr. Ashish Contractor

The Heart Truth

All you need to know about the prevention, reversal and treatment of diseases for your beautiful heart.

Dr. Anjali Chhabria

Death Is Not The Answer

DINTA "Death Is Not The Answer". It's the India's first book to help us understand the suicidal minds.

DINTA reveals and analyses the psyche which goes behind a suicidal attempt, the what and why of that situation is explained in the book. The book equips the reader with how to respond and react when they, themselves find in the similar situation.
